What is M.I.T.?

The CampusView Church is committed to training and sending out campus ministers into the ministry in Florida, the U.S. and around the world. We strongly believe that developing healthy, vibrant and growing campus ministries in our church fellowship is vital to the future growth of our churches. This program was developed because God put a dream on our hearts to build up and strengthen our campus ministries in Florida. It is our hope that upon successful completion of the program; interns would be placed in the ministry in one of the campus ministries in Florida. If for any reason a graduate of the program is called by God to serve elsewhere, or there are no available positions in Florida, our ultimate goal is to serve the kingdom and send them wherever there may be a need.

The application found on the following pages will detail the specifics of the internship

The Training

- We believe that the most effective way to train young ministers is to walk with them. In the spirit of Jesus' method with his disciples, we are committed to a training regimen that at its core is all about spending maximum time with our interns.
- Formal training includes a curriculum of weekly intern meetings focused on the most vital aspects of ministry. Each month we focus on a different theme such as a minister's prayer life, faith & vision, prioritizing and scheduling, studying with the lost, raising up leaders and more.
- Monthly book assignments in coordination with the theme will be given to help the interns absorb the material.
- Two eight-week classes a year we call 'Cross-Training' focus on topics such as leadership development, reaching the lost, building a culture and more. Additionally, interns will meet regularly with our congregational teacher for further bible training.
